2020 Arizona Railway Museum Donation Form
The Kachina Club Santa Fe Hi-Level Car Restoration Fund

This is a unique opportunity to participate in the museum’s restoration of the two former Santa Fe Hi-Level Cars recently donated to the museum and now on the property in Chandler AZ. The #708 is a Hi-Level Chair Car built in 1954 by Budd for the El Capitan, and the #543 is a Hi-Level Transition Chair Car built by Budd in 1964 for the San Francisco Chief. Both were equipped with Head-End Power by Amtrak and the Hi-Level Transition Car became a Coach/Dormitory car. There is much work to be done to restore the cars, including stripping the Amtrak paint, putting new glass in the cars and other body work. Your contribution to restore these cars will be permanently acknowledged with a plaque in each car – the AZRM Kachina Club Santa Fe Hi-Level Car Restoration Fund. No donation is too small. Please Help!
